The Meals > Entry page allows users to record meals served from the admin side. If using CACFP, the system will automatically report the number of Free, Reduced or Paid students marked as served and display the information on the [Meals > Summary](#) page.

Important: In order to track meals on the Meals > Entry screen, it must be enabled. Go to the Home > General screen, locate the CACFP Information section and select Yes under the CACFP Enrolled field.

1. From the Meals menu, click Entry

2. Use the Search area to find the program being served meals. **Please Note:** a room/program must be selected
