

# Connect > Links

Last Modified on 12/14/2017 8:37 am EST

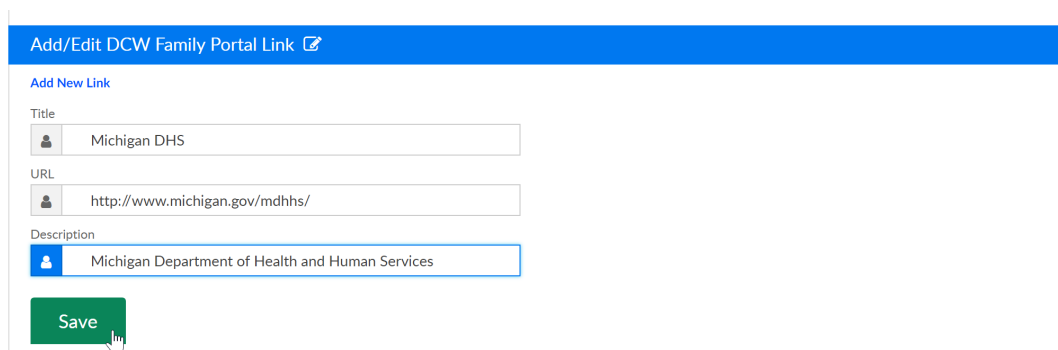

The Connect > Links screen allows admins to add web links to the parent portal that parents may find helpful. To add or edit a link on the parent portal select the Links option from the Connect menu.

To add a new link to the portal, click the Add New Link text-

Enter a title, URL and short description for the link, then press Save.

To edit a link, press the edit icon- update the Title, URL or Description, then Save. Any changes made are immediate and will be displayed the next time a parent navigates to the [Communication tile on the parent portal](#).

## Links

|                                     | Description                                                                 | Title        |                          |
|-------------------------------------|-----------------------------------------------------------------------------|--------------|--------------------------|
| <input checked="" type="checkbox"/> | <a href="http://cirrusgroup.com/">http://cirrusgroup.com/</a>               | Cirrus Group | <input type="checkbox"/> |
| <input checked="" type="checkbox"/> | <a href="http://www.michigan.gov/mdhhs/">http://www.michigan.gov/mdhhs/</a> | Michigan DHS | <input type="checkbox"/> |
