

Meals - CACFP Meal Service Action - Excel

Last Modified on 04/12/2019 8:25 am EDT

Report Description

An excel document that displays a list of students that were served meals past the scheduled time for the meal. Students must be checked in/out for the day. The report runs for a week at a time; the date that is entered in the From Date field will pull detail for the entire work week. Business Level/center level meal times must be set on the [Meals > Times](#) screen in order for the report to work.

Report Conditions

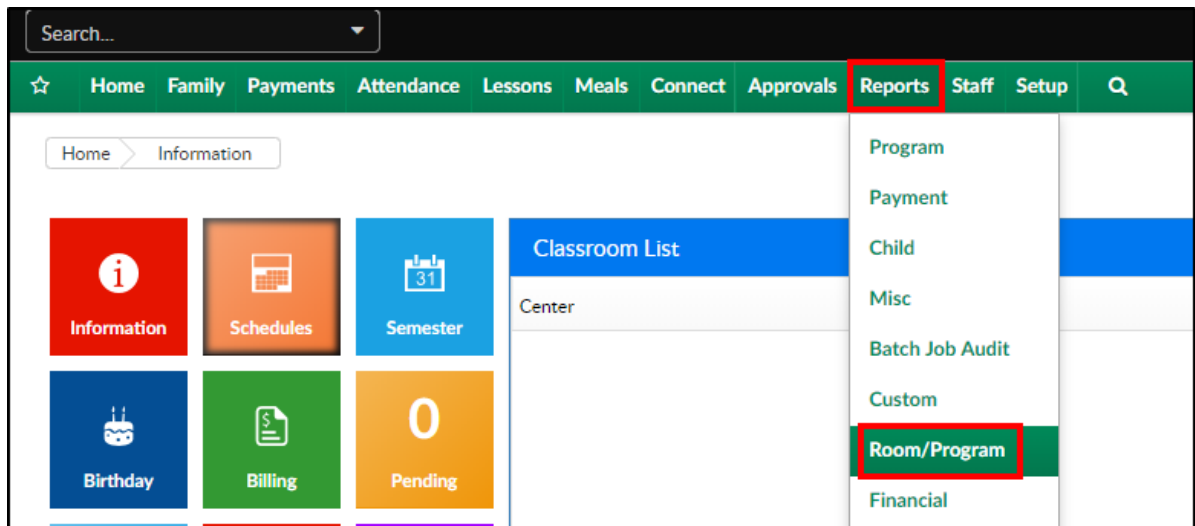

- The Center is not required; if the center is left blank, data will pull for all sites
- If only the From Date is entered, the field will act as an "As Of" date and pull all data from the entered date until current
- If only the To Date is entered, data will pull from the To Date to the current date
