Release Notes REL_APR_28_2022

The following features and enhancements will be available on DCW/SCW on April 29, 2022.

New Features & Enhancements

The following enhancements have been made to current features:

- New customizable filtering enhancements for new and existing parent registration. [DCW-1580]
- The new Registration Waivers feature provides center the ability to prompt parents to sign a PDF waiver or program agreement during new and existing parent registration. [DCW-4162]
- Added a popup to display custom tool tips or details to parents on certain registration fields. [DCW-4258]
- Added the ability to manually enter the contract dates on the child agency contract screen. [DCW-4290]
- The TE Settlement/Allocation Report will now display manual checks/cash. [DCW-4204]
- Improvements have been made to prevent users from entering incorrect billing period dates. [DCW-4426]
- New Activity IDs turned on for "Family Portal (Not Allowed)" default role permission. The default role will now setup the InSite Parent access. [DCW-4348]

Miscellaneous Fixes

- Fixed an issue where single center customers were unable to pull the TE Balancing Report. [DCW-4307]
- Fixed an issue on the Extended Registration – Excel report. Previously, the "Guardian 1 Phone" was displaying the phone number of Guardian 2. [DCW-3933]
- Fixed Activity ID 696 to turn on/off split account creation. [DCW-631]

Internal Documentation

The following tasks are for internal documentation only.

- TE Reconciliation Handle Non-Numeric Transaction IDs. [DCW-4308]
- Upgrade msal4j library version. [DCW-4312]
- Custom SQL export. [DCW-4361]
- Improvements to backend saving of payments. [DCW-3572]
