

# Release Notes REL\_OCT\_26\_2023

Last Modified on 11/30/2023 1:15 pm EST

The following features and enhancements will be available on SCW on October 27, 2023.

## New Features & Enhancements

- Created a [Pre-Bill \(Defined\) report](#) to allow Defined Billing customers to review billing information before the next billing cycle. Program/Room Assignment rates, overrides and discounts will be included in the calculation to determine what the parent will owe.
- New settings have been added under the Setup > System Config > Extended Configuration screen for auto-expiring passwords. These settings allow admins to determine if and when Provider and Parent portal user passwords should expire.

Security	
Parent Portal: Auto expire login password	<input type="text" value="180"/>
Provider: Auto expire login password	<input type="text" value="Yes"/>
Provider: Password expiration frequency (in days)	<input type="text"/>

**Important:** User passwords will expire upon saving if they have not changed their password within the specified number of days entered above.

## Miscellaneous Fixes

- Fixed an issue where users were being kicked out when pulling the "Charges and Credits by Center- Excel" report.
- Optimized the following reports to reduce the time it takes to process:
  - Charges and Credits by Center - Excel
  - Charges and Credits by Center - PDF
  - Charges and Credits Detail by Program Center - Excel
  - Charges and Credits Detail by Family Center - Excel
  - Charges and Credits by Family Center - PDF
- Updated the status message when updates to the Percentage Paid for parent/guardian sponsor information is not saved successfully.
